

A super-strong semi-static rope for the heaviest work.

Features a compact core and a 40 carrier sheath with twisted yarns to give the Iridium 12.5 mm a very high breaking strength and the ability to resist a very high number of falls.

White/Black - **501**: 50 m, **1001**: 100 m, **2001**: 200 m

Sheath is made with **twisted yarn**, which improve abrasion, resistance and durability of the rope

For 200 m length
replacement labels included!

Can be used to replace old labels
or for individual identification
